House Blessings

Why do we bless homes?

We spend a good amount of time in our homes. Some work from home, raise children, study, pray, eat meals, and sleep. We want these activities to take place in a blessed context. As Christ sanctified the waters of the Jordan by his presence, we bless our homes with holy water to cleanse it from anything evil or sinful.

I had my home blessed last year. Why does it need to be blessed again?

Throughout the year we think, say, and do things that are sinful in our home. These things tarnish the purity of the home, in addition to ourselves. Some did not have their homes blessed last year which means they are especially in need of God's blessing and purity. If your home has never been blessed (especially if you moved or you are new to Orthodoxy), there is a special blessing that is done. Please let the priest know if this applies.

What do I need to do before the priest arrives?

It is customary to pick up around the home before the priest arrives. This not only allows a clear path to walk through the house, but also allows all the surfaces to be blessed. If you are able, have a small surface near your icon corner where the priest can set Holy Water, a candle, and cross. You may have a cloth and your own candle set-up if you like.

Holy Water

Holy water is that water which is blessed on the Feast of Theophany, the celebration of Christ's baptism in the Jordan, blessing the waters (and all of creation) by His presence therein.

On Theophany, the faithful bring Holy Water containers to fill and take home. It is sprinkled and consumed "for the purification of the souls and bodies of all those who, with faith, shall draw and partake of it," "that Satan may speedily be crushed under our feet, and that every evil counsel directed against us may be brought to naught," and to "illumine us with the light of understanding and of piety, and with the descent of the Holy Spirit." (*service of the Blessing of the Waters, Feast of Theophany*)

Holy Water is kept in the church so that the faithful may use it, for healing and strength in the case of illness or dealing with struggles in life, especially of a spiritual nature. The Holy Water in the church is also available to replenish your home containers. **Whether at home or at church, Holy Water should always be consumed with prayer.** Holy Water should be kept in a container set apart and dedicated for that purpose.

St. Luke of Crimea advised, "Drink holy water as often as possible. It is the best and the most effective medicine. I'm saying that not just as a priest but also from experience as a doctor."
